SUMMARY

I'm a passionate Full Stack Web Developer skilled in building modern, responsive, and user-friendly web applications. I work with HTML, CSS, JavaScript, React.js, Bootstrap, Node.js, Express.js, and MongoDB to create smooth frontend-backend integration. I enjoy learning new technologies, working with teams, and building solutions that make a real impact. I'm committed to doing great work and helping your team succeed.

EXPERIENCE

Frontend Intern at V Net Technologies

07/2024 – 10/2024   Coimbatore

A technology company focused on software development and IT solutions.

• Developed responsive, mobile-first web applications using React.js, HTML5,CSS3, and JavaScript.

• Optimized web applications for fast load times and mobile responsiveness.

• Conducted code reviews and implemented feedback to ensure high-quality,maintainable code.

MERN Stack Developer Course at Edureka

11/2024 – 4/2025   Coimbatore

An online learning platform providing professional courses.

• Assisted in the development of interactive and responsive web pages using
HTML5, CSS3, and JavaScript.

• Built dynamic, reusable UI and MUI components with React.js, allowing for seamless data updates.

• Debugged issues and improved the front-end performance of webapplications, reducing load times and enhancing usability.

• Wrote clean, modular code following best practices and participated in peer code reviews to maintain coding standards

Bachelor of Computer Science

Sankara College of Science and Commerce

08/2021 – 05/2024   Coimbatore

SSLC & HLC
GHSS

06/2019 – 03/2021   Kanurpudur

LANGUAGES

Tamil-Native   English-Proficient

KEY ACHIEVEMENTS

★ Frontend Projects :
Created a fully responsive and stylish theme to display my project Digital-clock and Resume-maker awesome.

★ MERN Stack Projects :
Developed a Zomato clone and personal portfolio using the MERN stack, with responsive design and full frontend-backend integration.

SKILLS

HTML5 ,CSS ,Bootstrap ,Tailwind ,Javascript , React.js ,Redux ,React MUI ,Responsive Web , Front-end ,LinuxBash ,Debugging ,Git , Github ,Excel ,Node.js ,Express.js ,MongoDB .

PROJECTS

Frontend Projects   05/2024 -06/2024

A frontend I created using react.js and tailwindcss.

• Developed some frontend projects like Digital clock ,Single Webpage and Resume maker.

• Technologies: React.js, HTML5, Tailwindcss, JavaScript.

MERN Stack Projects

Personal Portfolio Website   08/2024 - 09/2024

• Created a fully responsive portfolio using the MERN stack.

• Showcased skills and projects, with a contact form connected to Gmail via Nodemailer.

• Designed with a mobile-first, user-friendly layout.

• MongoDB, Express.js, React.js, Node.js, HTML, CSS, JavaScript.

Zomato Clone Web App   02/2025 - 04/2025

• Built a responsive Zomato-inspired food ordering app using the MERN stack.

• Added features like user login/register, add to cart, and frontend-backend integration.

• MongoDB, Express.js, React.js, Node.js, JWT, Tailwind CSS.

PASSIONS

• Web Technologies :
Continuous learning and development of web technologies.

• Coding Challenges :
Solving challenging coding problems and contributing to open-source projects.
